

# Welcome

Enjoy your one-of-a-kind encounter and opportunity for education about Florida's unique wild animals and natural environment. This twenty-acre sanctuary exists to support the rehabilitation and release of animals brought into our wildlife rehab center and care for those that cannot be returned to their natural habitats.

## Wildlife Rescue and Rehabilitation

The Sanctuary's animal rehabilitation center provides emergency and ongoing medical care to 6,000 sick, injured, and orphaned animals each year. We can accept over 50 animals each day. Nearly 90% of the animals treated here suffered from human-related injuries.

## Release

We celebrate the release of many rehabilitated animals back into natural habitats across Palm Beach County. Animals with injuries too severe to return to the wild are residents of the Sanctuary.

## Awareness and Education

Our animal residents are ambassadors to educate and inspire people to engage in local conservation efforts. We want to raise an active community of people who cherish, enjoy, and protect the wildlife and our natural environment.

## Save a Wild Life

When people encounter a sick, injured or orphaned animal, they call Busch Wildlife Sanctuary. There is no government agency that rescues and rehabilitates sick wildlife. It falls to nonprofit organizations like us. Here's how you can help the animals and environment you enjoy today:

- Donate Today! Cash donations save animals by providing food, shelter, and medicine.
- Purchase supplies from our wish list located on our website.
- Become an active donor, give monthly, annually, through a donor-advised fund or an estate gift.
- Volunteer at the Sanctuary.
- Host a corporate event, birthday party, a private event / tour at our sanctuary.

## Weekly Activities

All activities are at their animal habitat  
\* are located at the amphitheater

### Monday

12:30 pm Wonderful Waterbirds  
3:00 pm Conservation Conversation \*
