Week-Long Programs - Ages 8-11 all day / Ages 6-7 half day

The Busch Wildlife Sanctuary offers a unique program which gives young naturalists the opportunity to explore nature and learn about wildlife through interaction with live animals.

An experienced teacher will lead the children through a week of fun-filled learning activities unlike any they have ever had. The children will help care for the animals,

explore the outdoors, get creative with crafts, play games, make new friends, and develop new social skills by having the chance to be a part of the amphitheater show.

Be advised your child will spend the day outdoors. If your child is unable to handle south Florida's summer conditions, this may not be the appropriate program for your child.

Your child must wear sneakers and comfortable clothes suitable for the weather.
